

Dear Terry Community,

TMS is committed to bringing unique learning opportunities to your child and we are pleased to introduce a new, free reading service called School Download Library (<http://digitallibrary.mesquiteisd.org>).

Why School Download Library?

School Download Library is an extension of Terry's physical library, only it's online with 24/7 access to audiobook and eBook downloads. School Download Library is proven to help students of all ages read more and improves comprehension.

Struggling or reluctant readers, learning-challenged, second language learners, even gifted readers can all benefit from this service.

- Enrich vocabulary and improve comprehension and pronunciation
- Introduce students to books above their reading level
- Teach critical listening
- Help busy kids find time to read

How does it work?

To use School Download Library, students install free software on their computers, browse the secure website of more than 4500 titles for assigned reading or recreation, check out their selections with a student, staff or parent id, then download titles to their computer. Titles can easily transfer to supported mobile devices such as the iPod® and Sony® Reader™!

Whether your child's interest lies in study guides, Shakespeare classics, or the latest Stephenie Meyer book, encourage them to check out School Download Library.

For online tutoring, go to [My Help!](#) from Overdrive Media.
